

Our Community

Friends Care Community provides a welcoming, vibrant, and homelike environment for all its residents. Situated on 23 wooded acres, we feature paved walking trails, a pond, and furnished patios that provide scenic respites for all. Our campus consists of three senior living components with a skilled nursing care center, an assisted living community, and independent living cottages.

Our campus includes a pre-school program for children, pet therapy, a greenhouse, playground, community garden, and paved walking paths through scenic woods and gardens.

Our Mission

Our mission is to provide a residence for the elderly and others who cannot be cared for in their homes.

Friends Care Community meets the residential living needs of seniors and others by providing independent living, assisted care, skilled care and convalescent options in a vibrant, homelike environment.

Our goals are the happiness and fulfillment of all residents and staff, by respecting the dignity and unique needs of each individual.

Our History

The Friends Health Care Association (FHCA) was established in 1977 as a not-for-profit organization to provide health care services and convalescent living arrangements for residents of the Yellow Springs community. The FHCA undertook the fundraising and construction of the FCC, which opened in August 1980 as a 50-bed skilled extended care facility. Since then our facilities have grown to provide an assisted living center and independent cottages, with a state-of-the-art rehabilitation center with inpatient and outpatient care.

Independent Living

LIVE INDEPENDENTLY WITH FAMILY-STYLE HOMES

Our independent living unit allows you to maintain your independence in a family-style environment. Live within a vibrant community featuring common dining and living areas, including covered patios, a gazebo, and a large pond. We encourage residents to enjoy socializing in a secure, modest, quiet setting.

Seniors can continue to be self-sufficient while ensuring they have easy access to the medical and personal care they need, like laundry service.

We have many services and amenities available:

- » Physical and Occupational Therapy
- » Maintenance-free Lifestyle
- » Home Health Assistance
- And More

Rehabilitation

SHORT-TERM AND OUTPATIENT SERVICES TO CARE FOR A RANGE OF REHABILITATION NEEDS

Within our campus is a state-of-the-art rehabilitation center, focused on providing the care you need following surgery or other medical diagnoses. We give each patient a comprehensive treatment plan, working with a range of exercise equipment to treat a multitude of rehabilitation needs.

During your rehabilitation, our team of skilled nurses and rehabilitation specialists will work to provide physical, occupational, and speech language therapies. We can strengthen the body, improve activity tolerance, ensure the retention of self-care skills, treat a range of speech issues, and more.

We treat a variety of medical diagnoses, such as:

- » Joint replacements
- » Generalized Weakness
- » Aphasia
- And much more

Assisted Living

We help our residents maintain self-sufficiency while providing the medical and personal care they need. Our medical care includes medication management 24-hour personal care assistance and nursing care. We also provide weekly housekeeping and linen service, with laundry service available.

Residents can choose from a number of daily scheduled social activities right on our campus.

We offer many programs for residents:

- » Physical and Occupational Therapy
- » Audiology and Hearing Aid Repair
- » Psychiatric and Psychological Consultation
- And More

Long-Term Living

OUR SKILLED NURSES WORK TO ADDRESS A VARIETY OF LONG-TERM NEEDS

It's our goal to see all of our residents live to their fullest potential. That's why we focus care on both health and well-being of our long-term residents, providing many therapy and care services to ensure we are meeting our resident's needs. We strive to learn about each resident to make them feel truly at home.

Nursing and Rehabilitation Services include:

- » Physical and Occupational Therapy
- » Speech Therapy
- » Post-Surgical Care
- And More
